# Preface

It is with great pleasure that we introduce this volume of papers from the research workshops, the posters track, the education track, and the PhD Symposium track of XP 2024, the 24th International Conference on Agile Software Development, held on June 4–7, 2024 at the Free University of Bolzano, Italy.

The XP conference is the premier Agile software development conference combining both research and practice. This year we celebrated 25 years of XP with the theme “Reflect, Adapt, Envision,” prompting the Agile community to pause, reflect on the progress made, and envision future directions for both research and practice in the field. It is a unique forum where Agile researchers, practitioners, thought leaders, coaches, and trainers get together to present and discuss their most recent innovations and research results.

Research papers from the XP 2024 conference were published in the first conference proceedings, LNBIP volume 512. This companion volume, published after the conference, contains selected revised papers from the workshop, poster, and PhD symposium tracks that took place during the conference event. XP 2024 hosted the following tracks:

- International Workshop on Advances in Software Intensive Startups
- Workshop on AI for Agile Software Engineering (AI4ASE)
- 2nd International Workshop on Global and Hybrid Work in Software Engineering (GoHyb)
- 11th International Workshop on Large-Scale Agile Development
- Workshop on the AI Scrum Master: Incorporating AI Into Your Agile Practices and Processes
- Agile Training and Education Track
- PhD Symposium Track
- Posters Track

The number of submitted research papers to these tracks was 58, out of which 29 were accepted for publication in these post-proceedings. The review cycles used single-blind reviews in EasyChair.

In addition to the workshop papers, these post-conference proceedings include a summary of the 25th Anniversary Track workshop and panel discussion.

We would like to extend our sincere thanks to all the people who contributed to XP 2024: the authors, reviewers, chairs, and volunteers. Finally, we would like to express

our gratitude to the XP Conference Steering Committee and the Agile Alliance for their ongoing support.

July 2024
