ZIRP is one of the region's leading conferences in transport, logistics, and aeronautics with international recognition and has been held regularly for 20 years. The main aim of ZIRP is to inspire innovation in the transport industry by providing the opportunity for scientists and practitioners to work together. The focus of **ZIRP 2022** is "**Long-Term Sustainability in Transportation and Logistics - Covid-19 Aftermath**".

The topics of ZIRP 2022 are:

- Air Traffic Management
- Air Transport and Aeronautics
- Connected and Automated Mobility
- Crisis Management in Transportation and Logistics
- Business Intelligence
- Data and Information Technology
- Digital Infrastructure
- Behavioral Science in Transport
- Railway Engineering Design and Operation
- Intelligent Parcel Delivery
- Intelligent Postal Services
- Intelligent Traffic Infrastructure
- Gamification in transport
- Intelligent Transport Systems and Logistics
- Intermodality and Hinterland Logistics
- Maritime Logistics and Smart Ports
- Mixed Road Traffic Flows
- Modelling and Simulation in Transport
- Resilient and Agile Logistics
- Transportation Safety and Security
- Smart City and Sustainable Urban Logistics
- Traffic Data Analytics
- Transport and Logistics Systems in Tourism
- Transport Economy
- Smart Waterways.

43 papers presented at ZIRP 2022 have been selected for publishing after a double peer-review process.
